"Well! Strong!"

Mrs. Anna Clover, of R. F. D. 5, Winfield, Kans., says: "I began to suffer some months ago with womanly troubles, and I was afraid I was going to get in bed. Each month I suffered with my head, back and sides—a weak, aching, nervous feeling. I began to try medicines as I knew it was getting worse. I did not seem to find the right remedy until someone told me of

CARDUI

The Woman's Tonic

I used two bottles before I could see any great change, but after that it was remarkable how much better I got. I am now well and strong. I can recommend Cardui, for it certainly benefited me."

If you have been experimenting on yourself with all kinds of different remedies, better get back to good, old, reliable Cardui, the medicine for women, about which you have always heard, which has helped many thousands of others, and which should help you, too. Ask your neighbor about it; she has probably used it.

INCIPIENT FIRE

Fire broke out at the home of E. N. Matthews Friday evening about 7 o'clock. Mr. and Mrs. Matthews were at the Holman home on Allison Avenue when the alarm was turned in by Mrs. Owens. The response of the fire boys was very prompt but before they arrived Lieut. J. D. McDonald and O. B. Berkley, of the Jordan Planing Mill had extinguished the flames with buckets of water. The only explanation of the fire is mice and matches as there had been no fire in the stove since noon.

"The Warm-Air Furnace that Looks Like a Phonograph"

WE cannot attempt to tell in this space the whole wonderful story of Estate Heatrola. So we present merely the bare facts, and urge you to come in and see the Heatrola at your first opportunity.

You have always wanted furnace heat. But perhaps your home has no basement, or if it has a basement, you have not wanted to go to the

trouble and expense of installing a basement furnace. Here, then, is the solution—a warm-air furnace that sets in one of the living rooms and circulates great volumes of warm, moist air through the house. A furnace that you will be proud to have in your parlor, because it is not only a wonderful heating plant but also a beautiful piece of mahogany furniture.
